

What to study- Science Test #1

Fear not, young Earthlings. You have been working hard, according to my latest communication with Sr. Maryam. You shall do fine In'shaa Allah!

The test will be a mixture of multiple choice, true/false and short answers.

Review all handouts and notebook questions, including:

1. Space glossary handout
2. Introduction to solar system booklet (including stars and the Sun)
3. What we discussed about scale in the solar system and the distance between planets
4. The Sun- Time Tellers (p. 4-7), That Glorious Old Sun (p. 10-11)
5. Life Cycle of stars (handouts and diagrams)
6. Patterns of Light and Darkness (p.12-13)
7. And the Seasons go Round and Round (p. 14-16)
8. Constellations handouts
9. Moon lessons (The Moon's Changing Face, The Moon on the Move, Earth's Companion)
10. Orbits and rotations (e.g. what causes day and night versus seasons)
11. Tides and Eclipses (Monday) p. 24-29 in textbook.
12. Our solar system, including comets and meteoroids (p. 30-33 in text). (Tuesday).

Following this test, we will begin learning about space exploration In'shaa Allah!
